

Don't be left hanging
when a job gets really tough,

simply extrude it.

Complex Part
(Simplified by design)

**Cost Effective,
Symmetrical Design**
(Reduces tool costs)

Aluminum Frame

- Corrosion resistant
- Lightweight
- Tensile 30ksi
- Yield 25ksi

Semi-Hollow Gap
(Tolerances achievable
by design)

Smooth Surface
(Prevention of strap tears)
(Aesthetic appearance)

Interlocking Key
(Locking and
assembly feature)

Alignment Slot
(Ease of assembly)

Screw Boss Slots
(End Cap Assembly)
(Aids in assembly and
reduction of fasteners)

Aesthetic Surface
(Highly functional
and looks good)
